

Our commitment to partner organisations in 2004/05.

Next year we will:

- Hold a second annual conference on the 1st December at QinetiQ to tell partners what we have done over the past 12 months and ask them what they would like to see us improve on.
- Facilitate elections at the annual conference for partners to choose representatives to join the Strategic Board in 2005, as detailed in the new terms of reference and partnership protocol.
- Continue to produce a monthly partnership newsletter and encourage more partners to submit articles.
- Continue to make progress with the theme groups who will set targets for 2005/06 at a Strategic Board away day in October 2004.
- Send out a second leaflet to all homes in the District in spring 2005 to report progress in 2004.
